What is internalization of social work?

Post-graduate programs

- 13.00.01 – Pedagogy, History of Pedagogy and Education
(Pedagogical sciences)
- 19.00.10 – Special (Correctional) Psychology
(Psychological sciences)
- 19.00.13 – Developmental Psychology, Akmeology
(Psychological sciences).

CSW (BCBU) collaboration

- Important step for internalization
- Important for the development of social work as profession and as a discipline

It is a way for us to:

- plant the seeds of SOCIOLOGICAL social work
- to gain critical view on the development of social work in the Arctic regions
- to gain a common scientific language in social work

Academic working group members for Social Work

Prof. Tarja Orjasniemi (responsible leader)	University of Lapland	Social work
Prof. Raisa Danilova	NArFU	Social work
Ass. prof. Elena Golubeva	NArFU	Social work

Thanks to the Academic working group members for Social Work

- Literature: books and articles. New understanding of social work. More theoretical approach to social work education on Master level
- Experience in practical social work in Finland
- Experience in teaching for international students from different contexts
- Raising the status of the profession of social work in Russia, and in Arkhangelsk, in particular
