

**Arkhangelsk State Technical
University**

**Meeting of Vice-rectors and
Master's Programme Working Groups**

Petrozavodsk, 03-04 November 2009

Main News

- on 21 October the president Dmitry A. Medvedev signed an executive order to establish Northern Federal University on the basis of Arkhangelsk State Technical University
- Northern Federal University should be established as legal entity during three months
- Programme of the new university development should be developed within six months

New Master Educational Programs (draft) since 2011

- 17 m «Ecology and nature management»
- 127 m «Energy- and resource-saving processes in chemical technology, petrochemistry, biotechnology»
- 141 m «Technosphere safety»

Challenges

- What new educational standard for master programme out of three ones will be introduced and when?
- Any new standards will require new programme licensing – it will take time!!!
- According to the new standard Rules of Admission for 2010 the graduates with a «specialist» degree can enter the master programme only on the conditions of complete reimbursement of education costs.
- Admission to Master degree programme in 2010?

Challenges

- PhD course in «Ecology» 03.00.08
- for opening PhD course in «Экология» it is necessary to have two Doctors of Science in this specialty
- PhD course is open for the specialty 12.00.02 «Constitutional law; municipal law»

Thank you for attention
